EXPERIENCE

UX Developer

Greenphire

📅 2022 - Ongoing 📍 King of Prussia, United States

Clinical Trial Financial Solutions

- Develop interactive dashboards to visualize user data and behavior so stakeholders can better understand actions and results.
- Facilitate advanced activities such as rapid prototyping, iterative user testing, and data capture for experience automation.
- Utilize scripts and mechanisms for data loading functions which allow teams to analyze and integrate information through the organization.

UX Designer

Greenphire

📅 2021-2022 📍 King of Prussia, United States

Clinical Trial Financial Solutions

- Develop interactive prototypes and static mockups in support of new product or feature enhancements.
- Ensure application adheres to standards for accessibility, scalability, usability, and performance.
- Communicate and effectively interact with the development, product management, operations, and software quality assurance teams.

Frontend Developer

Commit Swimming

📅 2018 - 2021 📍 Philadelphia, United States

Performance Management

- Converted site from Blaze to React. Created and implemented a custom CSS grid system with CSS media queries for mobile responsiveness.
- Ensured the technical feasibility of user interface and user experience designs. Created and analyzed 500 unit test cases.
- Collaborated with team to identify technical requirements and determine integration needs. Ensured cross-browser compatibility.
